CLAAS Code: CGJLP87Z

With the CLAAS code, you can call up your configuration in the configurator at a later time or retrieve it again at your CLAAS sales partner. Please note that the code may lose its validity in case of changes to the product range or the price list.

1) All prices shown are recommended prices of CLAAS KGaA mbH for authorised CLAAS sales partners and are exclusive of applicable VAT, packaging and freight costs. The configuration is merely intended as non-binding general information. Please contact a CLAAS sales partner for a specific offer, additional details and comprehensive consultancy. Prices are subject to changes. Errors excepted.

2) The CLAAS code refers to a stored configuration, which can be retrieved from the configurator. If you generate a PDF file, for example, the configuration is saved anonymously at the same time. CLAAS sales partners can load this configuration using the CLAAS code and provide further consultancy to you. Please note that the code may expire if the product range or price list is updated.

3) The machines shown feature some optional equipment that is subject to additional costs and differs from your personal configuration. The configuration is merely intended as non-binding general information and cannot replace comprehensive, individual consultancy for a purchase decision. The technical features and equipment shown for the configured machine are merely examples, and such features and equipment may be subject to country-specific variations, above all. The right to make modifications at any time is reserved. Please always consult your CLAAS authorised dealer or importer as the sole source of binding, current information on our vehicles' technical features, equipment or properties.

All information is based on local market characteristics.
